Murder Hearing

(Continued from Page 1)

red remains to Edmonton and turned them over to the provincial pathologist. He stated that he found the body lying in the north-west portion of the house—said to be the only part of the building used by Klingey.

Joseph Paquette, whose farm home is about one mile from the Klingey place, told the court, of passing the deceased man's place about 2 a.m. Oct. 18, testified that he did not see Klingey. He said he heard a shot, then a pause followed by two more shots which came from the house. He also said that he had heard a dog barking at the same time.

PAQUETTE STATED that on the following day he saw the burned shack while waiting Klingey's car. He stated that he did not approach the building, under questioning, he revealed that he saw Klingey and Zelman. He said he saw Klingey and Zelman arguing while threatening, but said that he did not hear the conversation. When he left the argument seemed to have died down, he said Paquette said that the two men had no trouble before as far as he knew.

GEORGE CAUTHIER, who lives five miles from Klingey's place, testified that he saw Klingey's burned shack on Oct. 18 and said that he went down the road until he saw Klingey and Zelman. He stated that he and Zelman left to destroy RCMP as they saw Klingey's burned remains. Klingey substantiated Cauthier's evidence.

A statement, said to have been made to C. J. W. Poole, RCMP, by the accused was read in court. In it Zelman said:

"I don't know what for, Zelman was sent to the place and there was no agreement and maybe not I did not want to give Zelman anything. Zelman had a gun and cut over 200 acres and he told me that he was not going to get anything. I told him that I have a wife and children and you have no house. He said he didn't care. I had no money and he said so and I did not make any agreement."

"WE ARGUED MORE, and he said if I talked any more you get a bullet in the head. I was still for about ten minutes and I thought he had changed his mind and I spoke and he went into the shack and shot. I thought, you know, I mean I can shoot you. A day or two later, at night, after a family argument I took the gun off the wall and ten shots and went to his place. The dog barked and I shot came to the door and I shot once. He didn't say anything. The other thing I shot, I didn't shoot. I put some more paper in the gun and placed it close to the shack and set it off."

"The shack was covered with paper, and I went home and went to bed."

THE STATEMENT ENDS: "I didn't kill him for money because I didn't have it on my mind to kill a man for money, only because I was sorry that I worked for nothing with my children on Klingey's farm."

Britain Probing Reported Exodus Of European Jews

LONDON, Jan. 3.—(CP)—A foreign office spokesman said today that the British government is investigating the statement of Lt.-Gen. Sir Frederick Morgan, chief of United Nations Relief and Rehabilitation Administration operations in Germany, that a secret Jewish organi-

zation was planning a mass exodus from Europe.

The spokesman said UNRHA had written to Gen. Morgan's statement, and added:

"At the moment, the foreign office is investigating, and will let you know what steps will be taken."

MANHATTAN, Jan. 3.—(AP)—Field Marshal Bernard Lord Gustav Manheim, president of Finland, returned to Helsinki yesterday after a long stay in Portugal, where he was for his health.

Manheim was planning a mass exodus from Europe.

The spokesman said UNRHA had written to Gen. Morgan's statement, and added:

"At the moment, the foreign office is investigating, and will let you know what steps will be taken."

Edmonton Bulletin—Alberta's First Newspaper—Thursday, January 3, 1946

Power Rates

(Continued from Page 1)

The rate recommended at the previous meeting was four cents for the first 30 kilowatt hours, two cents for the next 10, and one cent for consumption over 40 kilowatt hours.

The present rate is five cents for the first 30 kilowatt hours, two cents for the next 10, and one cent for consumption over 40 kilowatt hours.

THE ELECTRIC RANGE rate is being established because users of range may never get any advantage by the reduction in the minimum charge below the rate for consumption over 40 kilowatt hours.

The new rate will have the effect of giving range users a reduction of 10 cents a month instead of an increase of a similar amount as previously recommended.

The commission does not recommend any increase in the "commuter" rate previously put in effect, as they are still considerably higher than the rates for other classes.

DEALING WITH FUTURE amendments to be capitalized the commission said it would be in a position to deal with future amendments.

Ex-U.S. Employees Present Problem

Canadian Legion officials here Thursday night expressed their growing problem confronting veterans who were employed on American military bases in Europe.

The U.S. authorities made no deductions for unemployment insurance during the European war, and the veterans are ineligible either for regular unemployment insurance or the out-of-work benefits paid to discharged soldiers now leaving the armed forces.

THE MATTER will be taken up with the advisory council of the veterans' rehabilitation commission.

It is OF COURSE a matter of public interest whether or not the light rays should be cut off, whether they should be maintained and the sun should be kept shining for other public works, the commission pointed out.

THE MATTER will be taken up with the advisory council of the veterans' rehabilitation commission.

Edmonton Lawyer Resumes Practice

After the Edmonton law firm of Cairns, Ross, Wilson and Willard, which was closed for a period of time, has resumed its practice.

THE MATTER will be taken up with the advisory council of the veterans' rehabilitation commission.

Stampede Beaten 7-4 for Second Loss; Carse Tallies Four

Flayers Make it Two In Row Over Calgary

BULLETIN
THURSDAY, JANUARY 3, 1946
PAGE SIX
Lasso Stampede

Denting the Calgary net six times, Bob Carse (right) and Don Stanley stopped the Stampede cold on Wednesday as the Flyers marked up their second triumph in two days over the Footscalls City seniors.

Stanley Moves Up
Carse Now Tied With Hunter
For Lead in Senior Circuit

Bob Carse's four goals at Calgary last night together with the counter and assist the previous evening and goalkeeping on Wednesday night, the Flyers' first line, which featured Carse, Stanley and Hunter, lifted the Flyers into a tie with Ken (Red) Hunter, Stampede, for scoring leadership in the Western Canada Senior League. Both have 39 points.

Lippy Durocher Agrees To Terms
Manage Dodgers

Lippy L. Durocher, general manager of the Brooklyn Dodgers for 1946-47, has agreed to terms with the National League baseball club.

Stanley Moves Up
Stanley moved up from 11th to 12th place in the Flyers' standings with his goal and assist on Wednesday night. He now has 39 points, tied with Carse.

With The Pin Busters

Brandon, Winnipeg Rangers Continue to Hold Spotlight

Winnipeg, Jan. 3 (CP)—Brandon Elks and Winnipeg Rangers are continuing to hold the spotlight in Manitoba and Thunder Bay hockey circles for their strength and possible contention in Memorial Cup playoffs for the Canadian junior championship.

Without senior competition this year, Manitoba is supporting its team in the junior circuit. The promise of producing some talented hockey players and at least two strong junior teams.

Under Playing Team
Keweenaw, former Hershey B team, the Legion club defeated Regina, 8-7, Tuesday night. The team started competitive play last week and the winter probably will represent the district for any play-off series.

Winnipeg Monarchs proved their settle by stacking up evenly against Toronto H. McNeill's, last year's Canadian junior champion. The club split an exhibition two-game series in Winnipeg.

In four games Brandon Elks have scored 39 goals against the other teams in the "A" division, and allowed only 12. The Elks are the only team in the "A" division to have scored more than 10 goals in four games.

It is harder than pure fun because of carbon.

Edmonton Now Tied With Elks

CALGARY, Jan. 3 (CP)—Edmonton Flyers, sneaking closely all the way, climbed into a tie with Saskatoon Elks for second place in the Western Canada Senior Hockey League by scoring their second victory in two days over league-leading Calgary Stampede before nearly 4,000 fans here Wednesday night.

Final count was 7-4 in a thrill-packed contest that saw the loop leading Stampede held their own in the first period.

Held To A-3-3 tie in the first frame, Flyers moved ahead 4-3 in the last minute of the middle frame, and then coasted through a third period that saw Stampede put everyone except the goalkeeper on the attack without breaking down the Flyers' defense.

Two players made their debut here. Calgary fans both were effective. Lapsprade who figured in two Edmonton goals and Joe Fisher, who scored four goals, who wasn't in top shape but showed he was a cool, effective forward.

Carse set a hot pot during the first period, scoring four times with Stanley getting two goals and Merluk one. Edmonton, Michalik and Grant added a goal each to Fisher's pair of goals. Ken Hunter, leading scorer for Calgary, was completely tied up by the Edmonton defense and failed to break into the scoring.

Calgary opened the scoring when Cairns poked in from behind. Fisher poked to Fisher who whipped it past McAuley from 20 feet out. It took Edmonton eight minutes to match the tally but they whipped in three goals once they got going.

Merluk got the first when he beat Bertell with a rebound after Cairns poked in from behind. Fisher poked to Fisher who whipped it past McAuley from 20 feet out. It took Edmonton eight minutes to match the tally but they whipped in three goals once they got going.

Lane was serving another penalty in the middle frame when Cairns poked in from behind. Fisher poked to Fisher who whipped it past McAuley from 20 feet out. It took Edmonton eight minutes to match the tally but they whipped in three goals once they got going.

A backhand shot after taking a long pass from Cairns, Cairns scored his third goal early in the third but the Stampede drove hard on in overtime for an easy goal.

North Edmonton Beats Highlands

North Edmonton handed Highlands a 2-1 set-back in a Community Peewee Hockey League semifinal Wednesday night.

Jack McDonald was the standout performer of the evening, his fast driving plays with Bill Burke and Albert Brownoff, bringing in the winning goal.

Don Kinneer whipped in Highlands only tally on a passout from Don McDonald.

At the Silver Bowl

Six Points New Method Wins

Swift's Take Over Run In Independent Puck Loop

Ken Cox, one of the many stand-out puckers before last season, was back in the game, showing plenty of his old power Wednesday night when he led Swift's to a one-goal 11-3 victory over Street Railway in the battle for the Independent Hockey League leadership at the Arena. New Method marked up their fourth straight triumph in the second half of the twin battles with a 3-2 win over Burns.

Cox, centre ice star for Canadians when he played junior hockey, turned in his best performance for the season by picking up six points on four goals and a pair of assists.

Tommy Dunn, new addition to the Swift's, also was in the action, scoring twice and adding a goal and a pair of assists to match Cox's total points for the night.

The Motormen, who finished up with just one point in the season, were in the first period when they took a 1-0 lead in the first period when McDonald scored a goal.

Eric MacDonald worked out a neat passing play with Louis Holmes to break a 2-2 deadlock. MacDonald scored a goal, straight with, 3-2 over Burns, in the Independent Hockey League second game at the Arena last night.

Victory for the New Method gave them a 2-1 lead in the season. MacDonald scored a goal, straight with, 3-2 over Burns, in the Independent Hockey League second game at the Arena last night.

THE BATTLE OF THE BARRICADES

EA

By Capt. HARPER PROWSE, M.L.A.

NOBODY is more affected by the labor unrest in the country at the present time than the men who have been discharged from the services and are looking for work. In spite of the large numbers who are coming forward, or taking advantage of the educational, vocational and technical training benefits, about 50 per cent of the men just want jobs.

MOST OF THEM just don't know what the trouble is all about, and what puts them right on a par with practically every other outlooker. Most of them just don't understand why, when we have just finished fighting a particularly long and bitter war to establish the rule of law and prove that the use of force is not an acceptable way of solving disputes, it should be necessary for labor and management to settle their disputes by force.

Because that is exactly what is happening. The use of the strike and the lockout is nothing but the use of force. It is a special kind of warfare. Like a war, strikes and lockouts are as costly on both sides, and it is true to say that nobody wins.

I DON'T KNOW who is right in the disputes that both sides are asking for more. But both sides are eventually to accept. They are using the strike and the lockout, and the same reason is not to go to war—because up to the present nobody has produced any new method of settling disputes that is acceptable to both sides.

If it were only management and labor who were at fault, the situation would be different. Continued on Page Sixteen

Swift's Salesmen Meeting in City

The annual meeting of the city and district salesmen of the Swift Canadian Company Ltd. will be held at the Macdonald hotel on Saturday, with Gill Crawford, country sales manager, presiding.

The meeting will be addressed by A. E. Miller, general manager of the Edmonton plant, and by W. H. Wilson, general manager of the Alberta north of Red Deer. He will be in attendance and some of the district representatives already have arrived in the city for the meeting.

Plan Discussions On New Highway

William Tompa, M.L.A., will be leaving for Two Hills on Thursday, at the request of the local municipal council, who have asked an opportunity to discuss with him the proposed representative completion of the Two Hills-Willington-Andrew highway.

Look Before You Walk Into a Truck

The Alberta Motor Vehicle Association is holding a series of lectures on road safety. The first lecture, on "Look Before You Walk Into a Truck," was held last night at the Grand Hotel. The speaker, Mr. J. H. Brown, emphasized the danger of trucks in urban areas and urged motorists to be extra cautious.

City CPR Traffic At All-Time High

Canadian Pacific Railway traffic through Edmonton and the surrounding area is at an all-time high. The increase is attributed to the increased volume of freight and passenger traffic.

Obtain Equipment For Clearing Land

Equipment for clearing land is available for sale. The equipment includes various types of clearing machines and tools, suitable for large-scale land clearing projects.

Fall from Ladder Injures Workman

A workman suffered a serious injury after falling from a ladder. The incident occurred while the workman was engaged in maintenance work. He is currently recovering in a local hospital.

Executive Meetings

Executive meetings are being held to discuss business matters. The meetings are attended by senior executives from various companies in the region.

Art Classes

Art classes are being offered for students of all ages. The classes cover a variety of art forms, including painting, drawing, and sculpture.

Slippery Streets Cause of Mishaps

Slippery streets are causing an increase in accidents. The city council is considering measures to improve road conditions, such as increased snow clearing and the use of grit.

Discrimination Against Japs Draws Protest

Pleading that the solution of the worst problem of the relocation of Japanese Canadians be handled in accordance with the principles laid down by William Lyon Mackenzie King, prime minister, a resolution passed at the Western Regional Conference of the Student Christian Movement of Canada, held in Edmonton Dec. 28 to Jan. 1, will be presented to the provincial governments concerned.

MORE THAN 100 DELEGATES from the four western provinces and the universities of McGill, Toronto and Queens attended the conference which was held around the campus of the local university.

Malcolm Ramsom, missionary secretary of SCM, Toronto, presided at the sessions assisted by Harriet Christie, one of the general secretaries of the movement.

Speakers included Rev. Dr. W. S. Mackenzie, New York secretary of the Students' Volunteer Movement of the United States, Ted Johnston, Toronto, and Rev. A. B. Moore, Westminster United Church, Saskatoon.

ERNEST NIX, PRESIDENT of the local unit of the movement, led on the deliberations of the world youth conference held recently in London, and that of the international students' conference in Prague. Mr. Nixon returned on the same ship after attending sessions of both conferences.

In dealing with the question of Japanese in Canada, the students felt that a test of Christian character is involved and that the expulsion of all Japanese from Canada would be a reflection on the principles for which our nation is supposed to stand.

THE RETURN TO THEIR OWN land of Japs who have proven disloyal, or who wished to go back, was a part of the prime minister's announced policy. The students urged that the relocation of the others was not, nor could it be considered, a matter for any one province to deal with.

By discrimination against some Japanese we would not only be degrading the minority but also ourselves, but would inevitably suffer from degradation ourselves, the students claimed.

The Road Ahead

Continued from Page Nine

disputes then neither you nor I nor anybody else who is not directly affected, would be interested in what they did to each other. But practically every citizen of Canada is affected, either directly or indirectly, not only by the results of these disputes, but by the disputes themselves.

THE AUTOWORKERS' STRIKE for example, by delaying the delivery of new cars, have not only affected all those who want to buy cars and many accessories, but also the dealers and agencies who handle them, the transportation people who carry them to points of delivery, the mechanics and service stations men who service them, and oil companies and their employees who handle and produce the oil and gas they will consume.

Packingmen's strikes affect not only the management and workers of the affected plants, but the farmers who produce the cattle, swine and sheep they handle, the transportation people, the shippers, wholesalers and retailers, and the public, both in Canada and abroad.

YOU, AND I, AND the average returned man looking for a job are none of us in a position to decide the rights and the wrongs of any of these disputes. But there must be a right and a wrong. Union demands must be either reasonable or unreasonable, and it should be possible for any fairminded person to exercise intelligence in deciding after he has listened to both sides and considered all the facts, what is right and what is fair.

Nobody likes strikes or lockouts as a means of settling disputes, because even where they produce a decision, they leave an aftermath of misunderstanding and bitterness. Surely our society has advanced to a point where we can devise some more satisfactory way of settling disputes. If we can, as we are now trying to do, lay down laws to govern the conduct of disputes between nations and businesses, surely we can devise a fair and satisfactory way of settling disputes between labor and management.

IT IS HIGH TIME that the government of this country realized the seriousness of the present situation. It is high time that they set up a court, or a board, with the power to hear submissions from all interested parties, to collect all the evidence, to discover all the facts—and to make a decision which will be backed up by the law of the land. It is high time that they laid down regulations outlining the responsibilities and conduct of all parties engaged in labor disputes—just as they lay down regulations covering any legal dispute. Surely we have enough contraguns and fire-minded men in this country to make such action by the government possible. It is regrettable in the national interest—especially in the interests of returned men who are looking for jobs.

Mile, de Gaulle

Weds in Paris

PARIS, Jan. 3. (AP)—Mlle. Elisabeth de Gaulle, 22, daughter of President de Gaulle, was married yesterday in a civil ceremony to Mlle. Alain de Boussois, 31, of the French Army. The wedding was at the de Gaulle residence in suburban Neuilly.

Wait to Wed Until They Reach Niagara Work on Depot Addition Is Set For March 1st

A childhood dream, kept through China's dark days of war, was realized on Christmas Day when a young Chinese couple were united in marriage in "Honeycomb Capital." They had delayed their wedding more than a year and a half just so they could be married in Niagara Falls, N.Y., and could return to China to say they were married in the traditional "Honeycomb Capital." The young man is Shen Tsin Hui. The bride is Miss Wang Ting Chow. Both of noble parentage, they are in the United States studying for doctorate degrees. Miss Chow has just completed a master's degree at Stanford university in California, and the groom is completing his last year for a master's degree at the University of Illinois. They were sent to the United States on scholarships presented to them by Chiang Kai-Shek. Both have met the Generalissimo and were told by the Chinese leader of his hopes that they would work hard while here and return to take part in the work of lifting the standard of their people in the days ahead. Following the ceremony, the couple crossed the international border into Canada to hold a reception. Their engagement dates back five years ago when they met in China. When the couple decided to become married they promised each other that the ceremony would have to be delayed until they could travel to Niagara Falls, N.Y. Next year the young couple will enter Harvard, thence to Columbia university to pursue studies toward doctorate degrees. It is their earnest desire to return to China as soon as their education is completed.

Edmonton War Veterans Yearn For Brides Still in Britain

"To bring back" my Bonnie to me!" is probably the somewhat pathetic theme song of hundreds of Edmonton repatriated servicemen these days.

THESE MEN, WHO TOOK British war brides while serving overseas, are growing increasingly restless as weeks of separation now into months and still little hope of reunion in Canada.

Canadian Legion offices in Edmonton are being deluged with letters from British war brides who are pleading for help to have their husbands bring them back to Canada.

SECRETARY-MANAGER W. J. Williams, M.L.A. of the Edmonton Legion, has a huge file of correspondence on the subject of war bride repatriation.

In some of the cases serious economic hardship is resulting. Housing conditions are reported even worse in the British Isles than in Canada, according to word from H. H. Edwards, head of personal services department of Canadian Legion War Services Inc., in London.

Army Training Centre Is Closed

Wetaskiwin Training Centre, used for some months as a training unit for Military District No. 12, is to be closed, Canadian Army Headquarters announced Wednesday.

The centre, which was opened in 1942 by the late Gen. D. S. McDougall, MBE, C.D., military authorities report that the staff of the centre will be discharged or transferred to other military centres for duty.

The location centre is to be moved to A-16 C.P.C. Currie Barracks, Calgary, in line with the Army's planned expansion. It is pointed out that with the sorting unit at Calgary it will be close to No. 12 District Depot where discharge proceedings are carried out. A-16 is a permanent army establishment.

Influx of personnel for orientation will begin at A-16 C.P.C. on January 16 and the Wetaskiwin centre will cease to function on January 20. Subscribers announced that Wetaskiwin centre will probably be declared surplus and turned over to war assets in due course.

Fox and Mink Show Officially Opened

The eighth annual fox and mink show of the Alberta Fur Breeders' Association was officially opened in the market building at 3 p.m. Wednesday afternoon by S. Huestis, provincial fish and game commissioner.

Judging of the furs started at 12:00 noon. The judges are Colin W. Macdonald and John H. Taylor. The show is open to the public from 9 to 6 p.m. Thursday and 9 to 3 p.m. Friday. There is no charge for admission. The show closes on Friday.

Mile, de Gaulle Weds in Paris

PARIS, Jan. 3. (AP)—Mlle. Elisabeth de Gaulle, 22, daughter of President de Gaulle, was married yesterday in a civil ceremony to Mlle. Alain de Boussois, 31, of the French Army. The wedding was at the de Gaulle residence in suburban Neuilly.

Present expectations are that the half million dollar project to add a third storey to the Canadian National Railway station will get underway by March 1, depending upon the early arrival of other essential building materials, officials stated here on Wednesday. The construction work will be handled by W. C. Wells and Company, general contractors of Saskatoon.

CNR OFFICIALS SAID Wednesday it had been incorrectly reported this was part of a \$400,000 building program announced earlier in the year and wished to point out that the figure applied exclusively to the construction of the additional storey on the present station.

Stiffs of the sleeping and dining car department, at present housed in a nearby school building, will take over the additional space when the building is completed, it was learned.

Enlargement of the company's freight sheds and express office are part of a building program for which arrangements are being completed.

PLANS FOR THE NEW post terminal building which will be located east of the depot are advanced, and it is expected there will be an early call for tenders.

Final plans and layout for the proposed post terminal is being worked out co-operatively between the federal government and officials of the railway.

It was learned Wednesday that the \$800,000 addition to the depot was not part of building permit estimates announced recently by Mayor Harry Ainlay.

Report Decrease In Disease Cases

Communicable disease cases reported to the health department during the week ended Dec. 29 total 81, compared with 107 the week previous, according to a statement filed Wednesday with the city commissioners by Dr. G. M. Little, medical officer of health.

The following is a tabulation of the cases:

	This Week	Last Week
Chickenpox	8	33
Dysentery	1	1
Measles	12	11
Scarlet fever	42	43
Rubella	2	1
Mumps	8	9
Variola	1	1
Whooping cough	4	9
Total	81	107

Polish Settlers Get German Land

NEW YORK, Jan. 3. (CP)—A Polish press agency dispatch from Warsaw said yesterday distribution of German estates in the Polish district of lower Silesia had started. About 30,000 Polish settlers in that region claimed by Poland from Germany, will receive farms of 25 acres each.
